Section 2. Hazards identification

OSHA/HCS status	: While this material is an article and exempted by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.
Classification of the substance or mixture	: COMBUSTIBLE DUSTS
	Percentage of the mixture consisting of ingredient(s) of unknown oral toxicity: 25% Percentage of the mixture consisting of ingredient(s) of unknown dermal toxicity: 25% Percentage of the mixture consisting of ingredient(s) of unknown inhalation toxicity: 25%
GHS label elements	
Signal word	: Warning
Hazard statements	: No Code(s) - May form combustible dust concentrations in air.
Precautionary statements	
Prevention	: Not applicable.
Response	: Not applicable.
Storage	: Not applicable.
Disposal	: Not applicable.
Supplemental label elements	: Keep container tightly closed. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Prevent dust accumulation.
Date of issue/Date of revision	: 01/16/2018 Date of previous issue : No previous validation Version : 1 1/10

Section 2. Hazards identification

Hazards not otherwise classified

: If dust or fumes are generated during processing (e.g., brazing, cutting, grinding, sawing, and welding) hazardous chemicals could be released.

Section 3. Composition/information on ingredients

Substance/mixture Other means of identification : Mixture

: Not available.

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health and hence require reporting in this section.

Section 4. First aid measures

Description of necessary fi	<u>rst aid measures</u>
Eye contact	: No special measures are required. Get medical attention if symptoms occur.
Inhalation	: No special measures required. Get medical attention if symptoms occur.
Skin contact	: No special measures required. Get medical attention if symptoms occur.
Ingestion	: If swallowed then seek immediate medical assistance.

Most important symptoms/effects, acute and delayed

Potential acute health effe	<u>cts</u>		
Eye contact	: Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the eyes.		
Inhalation	: Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the nose, throat and lungs.		
Skin contact	: No known significant effects or critical hazards.		
Ingestion	: No known significant effects or critical hazards.		
Over-exposure signs/symptoms			
Eye contact	: Adverse symptoms may include the following: irritation redness		
Inhalation	: Adverse symptoms may include the following: respiratory tract irritation coughing		
Skin contact	: No specific data.		
Ingestion	: No specific data.		
Indication of immediate med	dical attention and special treatment needed, if necessary		
Notes to physician	 Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled. 		
Specific treatments	: No specific treatment.		
Protection of first-aiders	 In case of major fire and large quantities: No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. 		

See toxicological information (Section 11)

2/10

Section 5. Fire-fighting measures

Extinguishing media	
Suitable extinguishing media	 Use dry chemical powder. In case of fire, use water spray (fog), foam, dry chemical or CO₂.
Unsuitable extinguishing media	: Do not use water jet.
Specific hazards arising from the chemical	: May form explosible dust-air mixture if dispersed.
Hazardous thermal decomposition products	 Decomposition products may include the following materials: sulfur oxides metal oxide/oxides nitrogen oxides (NO, NO₂ etc.) Carbon dioxide (CO₂). Carbon monoxide, carbon dioxide, unidentified organics. Aldehydes Hydrogen cyanide (HCN).
Special protective actions for fire-fighters	: In case of major fire and large quantities: Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training. Move containers from fire area if this can be done without risk. Use water spray to keep fire-exposed containers cool.
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.

Section 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures			
For non-emergency personnel	: Low release. For professional use only. Handling of product in very small amounts or in situations where release is highly unlikely		
For emergency responders	: Low release. See also the information in "For non-emergency personnel".		
Environmental precautions	: No special measures are required.		
Methods and materials for co	entainment and cleaning up		
Small spill	: No special measures required.		
Large spill	: No special measures required.		

Section 7. Handling and storage

Precautions for safe handling		
Protective measures	1	No special measures are required.
Advice on general occupational hygiene	:	No special measures are required.
Conditions for safe storage, including any incompatibilities	:	Store in accordance with local regulations.

Date of issue/Date of revision	Date of issue/Da	nte of r	revision
--------------------------------	------------------	----------	----------

Section 8. Exposure controls/personal protection

Control parameters

```
Occupational exposure limits
```

None.

Appropriate engineering controls	:	No special measures are required for small quantities under normal and intended conditions of product use.
Environmental exposure controls	:	No special measures are required for small quantities under normal and intended conditions of product use.

Individual protection measures

Hygiene measures	: No special measures are required for small quantities under normal and intende conditions of product use.	ed
Eye/face protection	: No special measures are required for small quantities under normal and intender conditions of product use.	∋d
Skin protection		
Hand protection	: No special protection is required. Butyl gloves. Nitrile gloves. polyvinyl chloride (PVC) Neoprene gloves. When handling hot material, wear heat resistant protective gloves, clothing and shield that are able to withstand the temperature of the heated product.	face
Body protection	: No special measures are required for small quantities under normal and intender conditions of product use.	∋d
Other skin protection	: No special measures are required for small quantities under normal and intende conditions of product use.	эd
Respiratory protection	: No special measures are required for small quantities under normal and intende conditions of product use.	эd

Section 9. Physical and chemical properties

Appearance	
Physical state	: Solid. [Granulate]
Color	: Blue.
Odor	: Odorless.
Odor threshold	: Not available.
рН	: Not applicable.
Melting point	: Not available.
Boiling point	: Not applicable.
Flash point	: Not applicable.
Evaporation rate	: Not applicable.
Flammability (solid, gas)	: Not available.
Lower and upper explosive (flammable) limits	: Not available.
Vapor pressure	: Not applicable.
Vapor density	: Not applicable.
Relative density	: Not available.
Density	: Not available.
Solubility	: Insoluble in the following materials: cold water and hot water.
Solubility in water	: Not available.
Date of issue/Date of revision	: 01/16/2018 Date of previous issue : No previous validation Version : 1 4/10

Section 9. Physical and chemical properties

Partition coefficient: n- octanol/water	: Not available.
Auto-ignition temperature	: Not available.
Decomposition temperature	: Not applicable.
SADT	: Not available.
Viscosity	: Not applicable.
Flow time (ISO 2431)	: Not available.

Section 10. Stability and reactivity				
Reactivity	: No specific test data related to reactivity available for this product or its ingredients.			
Chemical stability	: The product is stable.			
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur. Under normal conditions of storage and use, hazardous polymerization will not occur.			
Conditions to avoid	: Avoid the creation of dust when handling and avoid all possible sources of ignition (spark or flame). Take precautionary measures against electrostatic discharges. To avoid fire or explosion, dissipate static electricity during transfer by grounding and bonding containers and equipment before transferring material. Prevent dust accumulation.			
Incompatible materials	: Reactive or incompatible with the following materials: oxidizing materials Reactive or incompatible with the following materials: acids and alkalis.			
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.			

Section 11. Toxicological information

Information on toxicological effects Acute toxicity Not available. Irritation/Corrosion Not available. **Sensitization** Not available. **Mutagenicity** : Not available. **Conclusion/Summary Carcinogenicity Conclusion/Summary** : Not available. Reproductive toxicity **Conclusion/Summary** : Not available. **Teratogenicity** Date of issue/Date of revision :01/16/2018 Date of previous issue : No previous validation Version :1

5/10

Section 11. Toxicological information

· · · · · · · · · · · · · · · · · · ·	: Not available.
Specific target organ toxicity Not available.	<u>/ (single exposure)</u>
Specific target organ toxicity	<u>/ (repeated exposure)</u>
Not available.	
Aspiration hazard Not available.	
Information on the likely routes of exposure	: Not available.
Potential acute health effects	
Eye contact	: Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the eyes.
Inhalation	: Exposure to airborne concentrations above statutory or recommended exposure limits may cause irritation of the nose, throat and lungs.
Skin contact	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
Symptoms related to the phys	sical, chemical and toxicological characteristics
Eye contact	: Adverse symptoms may include the following: irritation redness
Inhalation	: Adverse symptoms may include the following: respiratory tract irritation coughing
Skin contact	: No specific data.
Ingestion	: No specific data.
Delayed and immediate effect	s and also chronic effects from short and long term exposure
<u>Short term exposure</u>	
Potential immediate effects	: Not available.
Potential delayed effects	: Not available.
Long term exposure	
Potential immediate effects	: Not available.
Potential delayed effects	: Not available.
Potential chronic health effe	<u>cts</u>
Not available.	
General	: Repeated or prolonged inhalation of dust may lead to chronic respiratory irritation.
Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Teratogenicity	: No known significant effects or critical hazards.
Developmental effects	: No known significant effects or critical hazards.
Fertility effects	: No known significant effects or critical hazards.
Date of issue/Date of revision	: 01/16/2018 Date of previous issue : No previous validation Version : 1 6/10

Section 11. Toxicological information

Numerical measures of toxicity

Acute toxicity estimates

Not available.

Section 12. Ecological information

Toxicity

Not available.

Persistence and degradability

Not available.

Bioaccumulative potential

Not available.

Mobility in soil

Soil/water partition : Not available. coefficient (Koc)

Other adverse effects : No known significant effects or critical hazards.

Section 13. Disposal considerations

Disposal methods

: The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Section 14. Transport information

	DOT Classification	IMDG	ΙΑΤΑ
UN number	Not regulated.	Not regulated.	Not regulated.
UN proper shipping name	-	-	-
Transport hazard class(es)	-	-	-
Packing group	-	-	-
Environmental hazards	No.	No.	No.

Additional information

Section 14. Transport information

Special precautions for user : Transport within user's premises: always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Transport in bulk according : Not available. to Annex II of MARPOL and the IBC Code

J.S. Federal regulations	1	TSCA 8(a) CDR Exempt/Partial exemption: Not determined
Clean Air Act Section 112 (b) Hazardous Air Pollutants (HAPs)	:	United States inventory (TSCA 8b): All components are listed or exempted. Not listed
Clean Air Act Section 602 Class I Substances	:	Not listed
Clean Air Act Section 602 Class II Substances	:	Not listed
DEA List I Chemicals (Precursor Chemicals)	:	Not listed
DEA List II Chemicals (Essential Chemicals)	:	Not listed

Not listed.

Rotterdam Convention on Prior Informed Consent (PIC) Not listed.

UNECE Aarhus Protocol on POPs and Heavy Metals

Not listed.

Section 16. Other information

Hazardous Material Information System (U.S.A.)

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings and the associated label are not required on SDSs or products leaving a facility under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered trademark and service mark of the American Coatings Association, Inc.

The customer is responsible for determining the PPE code for this material. For more information on HMIS® Personal Protective Equipment (PPE) codes, consult the HMIS® Implementation Manual.
