

# My Visit to the Dental Hub

*Selby House*

Simplified Story

I have arrived at the Bee Healthy Dental Hub for my appointment.

I will tell the reception staff that I have arrived for my appointment.

The oral health therapist will come and get me from the waiting room.  
They might be wearing a colourful gown, mask, a visor, and gloves.

I will arrive at the dental room and sit down in the big blue dental chair.

There are sunglasses I can wear to protect my eyes from the bright lights.

There is a bright light above my head to help the therapist see my teeth.

There is a TV on the ceiling.

I can ask for it to be turned on so I can watch a show during my appointment. If I don't want it on I can ask for it to be turned off.

When I am ready, the therapist will lay the chair back so I am lying down.

The therapist will use a mirror, probe, and tweezers to check my teeth.

The therapist might take a picture of my teeth called an x-ray. They will use this machine to take the picture. I need to bite down on the piece of plastic and sit very still.

The therapist might paint some fluoride varnish on my teeth using a small paint brush.

The fluoride varnish tastes sweet and feels a bit sticky.

This protects my teeth and makes them strong.

All done!

I can sit up and choose a sticker!
